

NEW MEMBER

First-Time Attendees Orientation

CEMA

- You'll find one of the best things about CEMA is our size.
- Big Enough to Get Things Done
- Not So Big that Each Member's Voice Can't be Heard
- Participation is the KEY

Current Membership

- Manufacturing:

- 101..... U.S.
- 9 Canada
- 3 Mexico

- Technical:

- 21 U.S.
- 3 Canada
- 1 Mexico
- 1 Chile

CEMA's Purpose

- To promote standardization of design, safety, manufacture application and maintenance on a voluntary basis and in such a manner as will not impede development of conveying equipment and component parts or lessen competition.
- To promote the common interests of CEMA members and the Conveyor Industry in The Americas.

CEMA's Vision

- CEMA aspires to be the Association representing the leading manufacturers and designers of conveyor equipment, systems, and accessories in the Americas.
- CEMA will be considered the resource for conveyor safety, dimensional, application and maintenance standards.
- CEMA actively promotes the capabilities of its members worldwide.
